# Fantasy figure

**GIRLS** Aloud singer and X Factor judge Cheryl Cole (pictured) has been voted as having the UK's "favourite fantasy body".

The new YouGov survey by natural slimming aid Zotrim found that 15 per cent of the 2,000 male and female

Britons they asked rated Cheryl's slim frame their favourite.

Her fellow X Factor judge Dannii Minogue finished joint second in the poll alongside voluptuous chef Nigella Lawson – both with 11 per cent.

Former Spice Girl Mel B, who wowed America with

her appearances on Dancing With The Stars and now models Ultimo underwear, came fourth in the poll with nine per cent.

Super-fit pop icon Madonna was fifth with five per cent and singer Lily Allen – who was pictured swimming topless in Cannes recently – came sixth with two per cent.
